

Louis Maleka
Senior General Manager Distribution
Eskom Holdings SOC Limited

Louis Maleka is a Senior General Manager at Eskom Holdings South Africa. He has overall more than 24 years experience in the Energy business and over 15 years successful experience providing strategic operations leadership at executive level.

Born in 1960; Louis was raised in Atteridgeville Pretoria. He holds a Masters Degree in Business Leadership, a Bachelor Degree in Business Management (BBA Accounting), a National Diploma in Electrical Engineering, a National Higher Diploma in Electrical Engineering and an International Certificate in Marketing & Business Management which he obtained in Carl Duisberg Gessellschaft Hamburg Germany.

The former Director of the Public Power Utility company, Umeme Ltd in Uganda holds an Eskom Chairman's Award for Executive of the Year (2012).

Best known for his visionary leadership and irreproachable integrity, Louis is a self motivated results orientated leader with a good track record of achieving turnaround and commendable performance on several grounds including the retail business, commercial, governance and mostly electrical engineering.

Louis represented Eskom in the Energy War Room; a Government initiative which interfaced with various business entities; municipalities and government departments to assist in resolving South Africa's Electricity challenges.
