

# SANEA PANEL DISCUSSION

Cape Town

Wednesday, 15 March 2017

17:30 – 19:30

## ***Power to the People: Off grid & micro grids***

Some 15% of South Africans still have no access to commercial electricity. These people are mostly in remote rural areas where the resources required for grid connection are difficult to justify.

It is suggested that off-grid generation and the use of micro grids could be a solution. The panel of experts will discuss the pros and cons of following this path and will consider some of the difficulties that may be encountered.

**SANEA invites you to join Robert Aitken (Douglas Banks Trust)  
Prof Wikus van Niekerk (Stellenbosch University), and  
Damian Conway (Sustainability Institute Innovation Lab - SILL)**

**PLEASE REGISTER NOW!**
