

Nandu D Bhula
Deputy Managing Director – Southern Africa
Acwa Power Africa Holdings (Pty) Ltd

Nandu Bhula is a Senior Executive in the Energy Sector with extensive technical and business leadership experience in the areas of engineering, operations, maintenance, power project development, construction, energy planning and power system management. His passion for the Energy sector began in the Hydro industry and then continued in leadership roles in Pumped Storage, Gas Turbines, Wind Turbines and Fossil Plant technologies. Having had a fulfilling career in Eskom for 18 years, he moved into the exciting landscape of Independent Power Producers with Acwa Power. After bringing Bokpoort CSP Plant to full commercial operation as the Project CEO, his focus now shifts to Redstone Tower CSP and subsequent plants in the Acwa Power development and construction horizon.

He has a BSc and MSc in Mechanical Engineering and an MBA majoring in Entrepreneurship and Finance from the University of Cape Town. He is a registered Professional Engineer with the Engineering Council of South Africa and has a Government Certificate of Competency (Mechanical Factories) awarded by the South African Department of Labour.
